NEWSBOYS ATTENTION!

Store For You.

A \$5.00 Present For Every Hustler.

The army of Herald newsboys who have for years shouted their favorite paper on the street, are to be rewarded by the management.

The live newsboy is the success of a newspaper and the Herald appreciates that its faithful corps of newsboys have done much toward bringing it to the front rank as a local paper and in order to show a proper appreciation of their efforts will present all the hustlers with a new \$75.00 1899 bicycle.

The winners will be decided on June 25th.

Here is the plan—Every newsboy will be given a check when he purchases his papers showing the number he buys and when all checks are turned into the office on June 25th the two boys having the largest number will be presented with a wheel bearing the name "Herald." They are beauties and can now be seen at the Herald office.

The third largest will receive an elegant camera.

The Herald will also make every boy entering the contest and who comes within half the number of the leader a liberal cash prize.

Newsboys in any of the adjoining towns are eligible to enter the contest.

ALL THE COMFORTS POSSIBLE.

Specially Constructed Car on the B. & M That Is in Demand.

Special car No. 111 of the Boston & Maine is an innovation and is meeting with much success under the new lines of management by which it is operated. Aside from being constructed on the parlor car plan, there is a commodious state room, containing a specially constructed folding bed which may be used for transporting sick persons.

The sanitary arrangements are complete in detail and the heating apparatus is of a new pattern, being arranged to receive steam from the engine attached and also having a special boiler and heat generator which can be put into operation when the car is sidetracked for any length of time.

There is a sleeping berth, which may be curtained off from the main apartment in the car, giving opportunities for rest for 10 persons, and the cars are so arranged that they may be converted into impromptu bunks if necessary. The management has put the car into commission for the express use and convenience of private parties.

The car is under the charge of H. E. Smith, who is enabled by the facilities offered to cater to the general satisfaction of wedding parties, gatherings who wish to enjoy pleasure trips in privacy, attendants to insane persons requiring attention and quiet during transportation to asylums; sick or convalescent persons or funeral parties, and the equipment and service offered is unequalled. Mr. Smith informed a reporter recently that the car is in continual demand, and the service is meeting with popular favor on all branches of the railroad.

POLICE COURT.

Andrew Callahan who keeps the Plaistown Tavern was arraigned before Judge Adams in police court this morning on three different complaints.

For assault upon Cornelius Leary he was fined \$3 and costs taxed at \$7.67, which he appealed.

On the charges of keeping malt liquor for sale and selling malt liquor to Cornelius Leary he was discharged.

Charles Asay was arraigned on complaint of Dog Officer Hodgkins for concealing a fox terrier dog upon which he has not yet paid the license. Asay claimed the dog had been stolen from home. The court gave him until Friday morning to find the dog and pay the license.

BIG SPANISH WARSHIP TO VISIT NEW YORK

The former Spanish cruiser Reina Mercedes, with the stars and stripes floating at her masthead will quite probably be exhibited at New York in the near future. She is now at Newport News quarantine station and Secretary Long has stated that if there is no danger of infection from her she will go to the Norfolk navy yard, her actual destination will depend upon whether any disease develops upon her or not. If she comes out of the quarantine station all right it is probable that she will at once be towed to New York where they want to have a look at her. As she was practically new, having been launched in 1897, it is believed that she can come north with small risk.

People who have seen her are surprised at the excellent condition she is in. The top masts of her military masts are missing and the six pound shells from our battleships pierced her two funnels but beyond these a big patch on her starboard side just above the water line, which shows where a shell tore a hole in her, she looks little worse than a tramp steamer returning from a very stormy voyage.

WE SHALL BE GLAD TO SEE HER.

The Reina Mercedes, U. S. N. is bound for the Kittery navy yard for repairs. Had she been headed this way a year ago, what a scamper there would have been for the interior.—Kennebunk Journal.

Cheap, common soaps are the most expensive in the end. They slowly but surely rot the threads, fade the colors and eat holes in your clothes.

FAIRBANK'S FAIRY SOAP

is absolutely pure and safe. It contains no resin to gum the clothes, no alkali to rot them or fade the colors, no impurity of any kind to injure the daintiest fabric. FAIRY SOAP is, therefore, the cheapest in the end. It is the purest and best floating White Soap made—the soap of the century.

"THE BIGGEST."

Said the New York World of Forepaugh and Sells Brothers' Circus.

For many years the Barnum and Bailey show has been the one and only circus to exhibit in the city of New York. But the Barnum show has sailed across the broad Atlantic and has become a fixed British institution. This year the combined Adam Forepaugh and Sells Brothers' succeeded the Barnum show as the metropolitan attraction. How well it filled its mission is told by the New York World in the appended review of the inaugural performance.

"The circus is here, only bigger, better, more bewildering than ever before. It filled Square Garden last night with the never-to-be-forgotten scent of sawdust. There were the same old clowns, newly funny; the same performing elephants, the same wonderful men, horses and dogs. The arena was a maze of life, light and action, and the circus seemed to be the best that ever came to town.

"Who could describe the grand entry of those amazing men and beasts. The programme writer took a shy at it, but the best he could do was this: "A triumphant entry and spectacular ensemble of the numerous and diversified features of the combined Adam Forepaugh and Sells Brothers. The hippodrome course will be encircled with brilliant pageantry. The various ring inclosures will be utilized for a regal horse fair. A brilliant kaleidoscopic panorama will be presented, illustrative of the vast and far-reaching possibilities of arena entertainment and the realization thereof!"

"Elephants shambled into the arena to go through evolutions as gracefully and as precisely as human beings not bigger than out of their legs. Then there was a conglomeration of elephant, pony and zebu in amazing performances. A wrestling bear fiercely strangled with its trainer. Then came the fair equestrienne. This united show will exhibit in Portsmouth on June 6.
